To the supporters of the Manjari Sankurathri Memorial Foundation,

Thank you for your generous support of Teach For Canada. Your contribution will directly impact students and teachers across 20 northern First Nations.

This school year, we have 120 educators in 20 First Nations, directly impacting 2400+ students. Our team is continuing to support our partners and teachers, especially now during this time of uncertainty for northern schools. Students, teachers, and school leaders are navigating the changing landscape of schools during COVID-19 with a great deal of resilience and dedication.

We are grateful for the support of the Manjari Sankurathri Memorial Foundation especially during these challenging times. Your gift brings us one step closer to realizing a simple belief—that a child's education should not depend on her postal code.

Together, we can make Canadian education more equal.

With gratitude,

Ken Sanderson
Executive Director
